

Instruction of China Compulsory Certification Mark Usage

(Helmets for Motorcycle)

1. Use of CCC mark

The applicant shall strictly comply with the Management Requirements of Certification Mark for Compulsory Product Certification, which is the attachment of Announcement on China Compulsory Product Certification Mark Reform by CNCA (Announcement No. 10 of 2018).

2. Design of the mark allowed to use

The mark should be applied in the way of printing/pressing.

3. Requirements for mark position and factory code

The product sequence code shall be indicated under the certification mark, the code structure as following,

Factory code + Production date + Product serial number

Add electronic code when necessary.

4. Other special requirement

In accordance with product and technique characteristics, printing/pressing mark can be completed at any phase of product formation.

Certification mark shall be persistent and clear/visible without damage of helmets for motorcycles and certified products.
