

Instruction of China Compulsory Certification Mark Usage

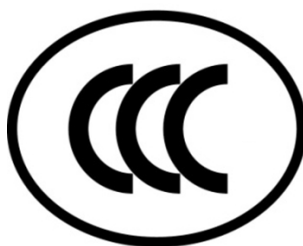

(Child Restraint System for Power-driven Vehicles)

1. Use of CCC mark

The applicant shall strictly comply with the Management Requirements of Certification Mark for Compulsory Product Certification, which is the attachment of Announcement on China Compulsory Product Certification Mark Reform by CNCA (Announcement No. 10 of 2018).

2. Design of the mark allowed to use

The mark should be applied in the way of printing/pressing.

3. Mark position

The mark shall be printed/pressed on a proper location on the main body of the certified product.

4. Other special requirement

In accordance with product and technique characteristics, printing/pressing mark can be completed at any phase of product formation.

Certification mark shall be persistent and clear/visible without damage of vehicle and certified products.
