

Instruction of China Compulsory Certification Mark Usage

(Switches for Circuit, Installation Protective and Connection Devices)

1. Use of CCC mark

The applicant shall strictly comply with the Management Requirements of Certification Mark for Compulsory Product Certification, which is the attachment of Announcement on China Compulsory Product Certification Mark Reform by CNCA (Announcement No. 10 of 2018).

2. Design of the mark allowed to use

It is allowed to adopt standard-size mark printed in a uniform manner or printed/ pressed mark.

Deformation mark is allowed to use. The deformation pattern of certification mark is “CCC” pattern (abbreviation for “China Compulsory Certification”)
