

Instruction of China Compulsory Certification Mark Usage (Burglar-alarm Products)

1. Use of CCC mark

The applicant shall strictly comply with the Management Requirements of Certification Mark for Compulsory Product Certification, which is the attachment of Announcement on China Compulsory Product Certification Mark Reform by CNCA (Announcement No. 10 of 2018).

2. Design of the mark allowed to use

It is allowed to adopt standard mark printed in a uniform manner or printed/ pressed mark.

3. Mark position

The mark should be added on the proper position of the main body of certified product.

4. Requirements for factory code

As being applied in printing/pressing mark, the factory code shall be marked clearly.

5. Other special requirement

The size of standard mark shall be No. 1 to No. 3.
