

## Instruction of China Compulsory Certification Mark Usage

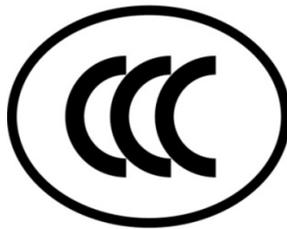

(Toys)

### 1. Use of CCC mark

The applicant shall strictly comply with the Management Requirements of Certification Mark for Compulsory Product Certification, which is the attachment of Announcement on China Compulsory Product Certification Mark Reform by CNCA (Announcement No. 10 of 2018).

### 2. Design of the mark allowed to use

It is allowed to adopt standard-size mark printed in a uniform manner or printed/ pressed mark.

### 3. Mark position

The mark should be printed/ pressed on the proper position of the main body of certified product or on the nameplate. It is also allowed to add the mark on the minimum package if the main body of product cannot be marked.

### 4. Requirements for mark position and factory code

Where printing/ pressing certification marks are adopted, the factory code shall be indicated under the certification mark.

### 5. Other special requirement

None
